

REMARKS

The Applicant hereby requests preliminary amendment of the above-identified application to add reference numerals to each of the specification and abstract paragraphs. The Applicant further requests amendment to paragraph [0007] to correct the description as to the relative settling times found in conventional phase lock loop systems, and to paragraph [0031] to further clarify an exemplary process of the present invention. No new matter has been added by the aforementioned amendments.

The Applicant requests examination of the application in view of the foregoing amendments, and awaits the Examiner's first Office Action on the merits. Should any questions arise, a telephone call to the Applicants' representative, Clifford Perry, is invited.

Respectfully submitted,
